Hand Shower Wall Attachment and Water Leak Elimination Kit

Pull out hand shower wall attachment kit to eliminate the water leak through hand shower deck mount insert hole

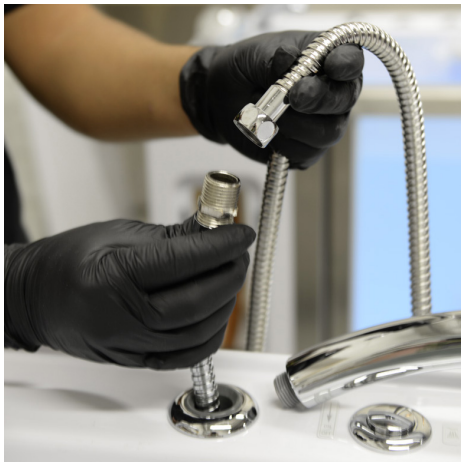
WARNING: Do not attach the hand held shower to the wall unless you have an extension hose with a barrel protection. This may cause water to leak behind your walk in tub.

Water from the hose can drip down into the hand shower base and get behind your tub without the barrel protection.

TO INSTALL BARREL EXTENSION HOSE:

1) Star by unscrewing your shower head mixer from the hose.

2) Next take your stainless steel barrel and screw it on the end of the hose.



3) Take your extension hose and screw t end to the opposite side of the barrel.

4) Place th barrel in the shower base to plug the hole.

5) Finally, screw on the shower head mixer to the other end of the extension hose.
